Designação do projeto | [FutureFoodS - European partnership for a sustainable Future of Food Systems](#)

Website: <https://www.futurefoodspartnerhip.eu/>

Código do projeto | 101136361

Objetivo principal | The vision of FutureFoodS is to collectively achieve environmentally-friendly, socially secure, fair and economically viable healthy and safe Food Systems (FS) for Europe. FutureFoodS gather 87 partners from 22 EU Member States, 6 Associated Countries and 1 third country. FutureFoodS includes public and private actors, policy makers, foundations, locally, sub-nationally, nationally, EU-widely. All these FutureFoodS partners are fully aligned on the vision for the Partnership and the methodology for its implementation in line with SDG17 and EU Green Deal components.

Região de intervenção | [29 países \(22 Estados-Membros da União Europeia\)](#)

Entidade beneficiária | [Instituto Nacional de Investigação Agrária e Veterinária, I.P.](#)

Data da aprovação | [20-07-2023](#)

Data de início | [01-06-2024](#)

Data de conclusão | [31-10-2033](#)

Custo total elegível INIAV | [77.625,00€](#)

Apoio financeiro da União Europeia | [30% \(32.394.255,89€\)](#)

Objetivos, atividades e resultados esperados

This vision has been broken down into several objectives applying across the 4 R&I area and 4 transversal activities identified by the FutureFoodS consortium in its stable draft SRIA which constitutes the strategic backbone of the project.

Four general objectives (GO) which cover: GO1 - functioning of FS; GO2 - system approaches; GO3 - inclusive government; GO4 – cocreation cases.

These general objectives have then been translated into specific objectives (SO) prioritised in line with the timescale and resources of the Partnership: SO1 - change the way we eat; SO2- change the way we process and supply food, SO3 - change the way we connect with food systems and SO4 - change the way we govern food systems.

FutureFoodS

**Funded by
the European Union**

In addition, six interconnected operational objectives (OO) have been set: OO1- Pooling R&I resources and programming; OO2 - Operational FS Observatory; OO3 - Active FS knowledge Hub of FS Labs; OO4 - Functioning knowledge sharing and scaling mechanisms; OO5- Revisiting the SRIA; OO6 - Promoting, supporting, widening & gathering FS various communities.

The objectives implemented in the 8 WPs of FutureFoodS will exert impact directly or indirectly in most of the destinations of HE's Cluster 6 2023-2024 work programme and particularly for the topic destination 'Fair, healthy and environment-friendly food systems from primary production to consumption' echoing to the main EU and World FS policies & strategies.
